How to do Internet Marketing in an Hour a Day FREE VIDEO SERIES!

There are about **48,996** plugins in the Wordpress repository as I write this and most of them can be used to their full option for free.

But the question is *are you ready to sift through the 48,996 + plugins to find the ones that really interests you?*

Probably not.

So, just to make it easy for you, here are 101 of the coolest, distilled and the most underused plugins that will totally pump up your WordPress site

101 Free Super Cool WordPress Plugins

Before I go into them, let me mention about great plugin [WP Ebook Maker](#)! It lets you *create Ebooks on the fly* from your WP Dashboard And for Just \$4.97... As good as getting it for Free! [Click Here To Get It.](#)

1. [RDFa Breadcrumb](#): An easy template tag for showing a breadcrumb menu on your site and on google search results with built in RDFa Markup.
2. [WordPress Reset](#): Resets the WordPress database back to it's defaults. Deletes all customization and content. Does not modify files only resets the database.
3. [External Links](#): Force all external links to open in a new window. Add rel=nofollow to all external links. Add an icon to all external links.
4. [CollabPress](#): Project management and task tracking software... think Basecamp for the WordPress Dashboard!
5. [Snazzy Archives](#); Snazzy Archives is a visualization plugin for your WordPress site featuring an unique way to display all your posts. Your archive page will never be boring again!
6. [WP Smush.it](#): Reduce image file sizes and improve performance. Every image you add to a page or post will be automatically run through Smush.it behind the scenes. You don't have to do anything different. You can also run your existing images through Smush.it.
7. [WPGreet Box](#): Display a different greeting message to your visitor depending on
